Various Expansion Titles for Unlimited Tonal Variety

Yamaha expansion boards offer any W7/A/5 owner additional musical variety and flexibility. Expansion wave boards add 4 megabytes of internal wave memory which can be accessed immediately during live and studio performances.

■ Dance Massive (WEMB04) **NEW**

Dance Massive offers you 128 powerful voices including the latest drum kit loops, scratch sounds, sound effects, analog sounds, human voices and more — the sounds you need for playing Hip-Hop, Rave, Techno, Jungle, and other dance music styles of today. This collection features superb waves by 'Time+Space', one of the top sample data companies in London, and includes many other powerful sonic resources selected by Yamaha. The package also contains a floppy disk with demo songs that show off the sounds.

■ Concert Grand (WEMB01)

Concert Grand features outstanding piano sounds that ring crisp and clear. Professional sound quality piano voices for stage and studio productions will add variety to your musical menu. You will be astonished at the rich variety of acoustic grand piano sounds that are featured on this powerful expansion board.

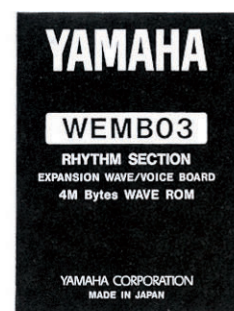

■ Vintage Sound (WEMB02)

Vintage Sound offers you 4 megabytes of the best vintage instruments we all know and love. You will have access to a room full of professional quality instrumental sounds from the 70's. High quality reproductions of established classic sounds creates variety and flexibility for all your musical productions.

■ Rhythm Section (WEMB03)

Rhythm Section features 4 megabytes of various professional quality rhythms and accompaniment voices. You can arrange all types of music with top quality melodic and percussion sounds using this powerful expansion board. Rhythm Section features driving bass sounds, cutting guitars, definitive percussion sounds and more.
