

# Congratulations on purchasing your new White Yamaha Motif XF!

In celebration of the 40<sup>th</sup> Anniversary of Yamaha Synthesizers, this USB Flash drive contains an abundance of exciting content that can be used with or alongside your Motif XF. There are 3 videos that explain the contents of the Premium Collection and then 8 folders of data (A-H).

## 1. 40<sup>th</sup> Anniversary Content Management Video

Featuring "Bad Mister" himself, Phil Clendeninn takes you through the contents on the drive and offers suggestions on how best to audition, select, load and manage the data for your custom Motif XF flash memory.

## 2. Chick's Mark V Video

This is a personal message from Chick Corea talking about the amazing Mark 5 electric piano library that he helped develop and how he used it on the Return To Forever tour. Make sure you first install the 512MB Flash Board, read the library installation manual and then load the ALL file contained in the A. Data folder into your Motif XF.

## 3. Karma Motif Video

Discover how the KARMA real time music algorithms can enhance your Motif XF. This detailed an in-depth 13 minute video gives you an in depth look at the power of the very latest KARMA technology from interactive music software guru, Stephen Kay. KARMA can truly take you Motif XF to another level of creativity. The pack includes a card for a 40% discount on KARMA Motif!

Data Folder A- Chick Corea Mark V Library This is the sample of Chicks personal Mark V that he uses on tour in his Motif XF8.

## Data Folder B – CS80 Library

The library produced by Prof. Dr. Peter Jung (Institut für Kommunikationstechnik, Voerde, Germany) is based on recordings that were created from the Yamaha CS-80 with the serial number 1037 between February and November 2012. There is also 2 bonus banks of voices that use both the CS80 waves and the new distortions and reverbs in OS version 1.5

## Data Folder C - Yamaha Vintage Synthesizer Collection by Sonic Reality

505.36 MB of 22 vintage waveforms from classic Yamaha synthesizers of the past, with 64 voices for those waves. A special 40th Anniversary file. Enjoy!

## Data Folder D – Additional Voice Libraries to load into the on board 128 MB RAM

## Data Folder E - XF Additional Videos

See how the Motif XF interfaces with the world of the iPad®, watch Chick Corea talk about how he uses his XF and see more videos on the included VST.

## Data Folder F – "Yamaha Ultimate Piano Collection"

This library contains the piano samples that are installed on the CP1, Yamaha's current flagship stage piano, plus the piano samples and voices from all the previous generations of Motifs.

## Data Folder G – Twisted Tools Selections

This TOTALLY TWISTED collection is a sample of current product made by Twisted Tools programmed for the Motif XF.

## Data Folder H - Instant Score Selections

User Bank two contains 16 voices from 5 of the volumes from Arne Schulze at Soundwaves. All six volumes are available from the store at Yamaha Musicsoft.
